

FISCAL NOTE

SB 387 - HB 443

February 10, 2001

SUMMARY OF BILL: Authorizes a person to file a petition for an extension of utility lines including, but not limited to, electric, natural gas, water, sewage, telephone or cable television to land of the person filing the petition notwithstanding the fact that such person's land is not surrounded or enclosed by the lands of any other person or persons and notwithstanding the fact that there is a right of ingress and egress to such person's land.

ESTIMATED FISCAL IMPACT:

Decrease Local Govt. Expenditures - Not Significant

Estimate assumes to the extent a petition is granted that would allow for a more direct extension of utility lines than under current law, local government entities providing utility services would experience a decrease in expenditures for the extension of such lines. This decrease is estimated to be not significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
